

24 ORE EVENTI

PUBLISHING INITIATIVES 2026

WHO WE ARE

24 ORE Eventi is the **company of the 24 ORE Group that designs and organises events** to meet the needs of clients and promote the informational assets of Il Sole 24 ORE.

The various initiatives originate from constant internal discussions with the different departments of the Group, such as Editorial and Marketing, as well as ideas and stimuli coming from the market.

Conventions, roadshows and major events moderated by the 24 ORE Group journalists, but also tailor-made projects designed and created to meet the needs of different targets, both BTB and BTC.

24 ORE Eventi **offers various types of formats**: from fully digital initiatives (Interactive 24 and Live Streaming 24) to in-person events (Live Event), as well as hybrid solutions (Live & Digital) where the physical experience of the traditional event is combined with the virtual nature of the online event.

GENDER EQUALITY

We are the first Italian publishing group to be **certified on Gender Equality** according to UNI/PdR 125:2022.

This milestone was achieved thanks to a significant shift in corporate culture towards a more sustainable and inclusive perspective.

This commitment is confirmed in the design of the programmes for all our events.

LIVE  STREAMING

Road to Trento is the international roadshow that represents the run-up to the **Trento Festival of Economics**, one of the most important international events dedicated to major contemporary economic and geopolitical issues. Since 2023, the project has been bringing the spirit of the Festival to the world, creating opportunities for dialogue, discussion and networking between businesses, institutions, academia and Italian communities abroad.

Each event is hosted by Embassies, Consulates, or Italian Cultural Institutes, and deals with **the challenges and opportunities of international markets** with the contribution of prominent speakers. Among the objectives of the meetings, which are aimed at the Italian business community around the world, our companies with international interests, and foreign companies looking at Made in Italy and economic partnerships, is the **promotion of our economic culture and the strengthening of relations between Italian companies and foreign markets, also thanks to networking opportunities.**

Developed in close synergy with the editorial team of Sole 24 Ore Norme & Tributi, the Welfare & HR Summit is the event dedicated to **workplace organisation and human resources management**.

An appointment that helps Italian companies identify the ongoing transformations and navigate **new laws, market trends**, and **international guidelines**.

Institutions and businesses will engage in discussions about the most relevant topics of public interest, including the digital transition and regulations related to the new Financial Law, which will subsequently be examined in depth with industry experts.

REAL ESTATE & FINANCE SUMMIT

19 MARCH

MILAN

• LIVE AND DIGITAL

The benchmark event for the real estate and financial sector brings together the key players in the industry in Milan for a day of high-level **meetings, insights, and networking**.

The **Real Estate & Finance Summit** is an important opportunity for professionals, investors, and the real estate market operators to discuss **current economic trends and prospects for the coming years**.

Thematic focuses:

- credit market developments and interest rate trends;
- effects of anti-inflationary policies
- urban, social and environmental regeneration projects
- new trends: co-living, co-housing and social housing

In the 2nd edition, the **scenarios related to the reintroduction of nuclear power in Italy** will be analysed. Nuclear energy is at the heart of the debate as a **strategic lever** to ensure energy security, cost stability, and emission reductions.

The meeting includes a discussion on the economic, political and technical challenges related to its relaunch with the main **representatives of institutions, research, and stakeholders in the energy sector**. Key industry experts within the nuclear sector, who are engaged in developing the new business, will participate. Confirming the renewed focus on this issue, the **Council of Ministers** has given its final approval to the **draft bill** delegating powers to the Government in the field of **sustainable nuclear energy**, marking a significant step forward in the transition to a new national energy model.

Entrepreneurs, private equity operators, finance professionals, and representatives from the legal and banking sectors will exchange views to offer a comprehensive view of the **dynamics of the M&A market** and the trends influencing its evolution.

FESTIVAL OF ECONOMICS

21ST EDITION

20-24 MAY

TRENTO

The Trento Festival of Economics, now in its 21st edition and scheduled from 20 to 24 May 2026, will provide an opportunity to discuss a range of topics, including **globalisation** and **economic development**, **geopolitical balances**, **demography**, **artificial intelligence**, **medicine**, and **health**. All in the presence of distinguished **economists**, **Nobel prize winners**, **political scientists**, **philosophers**, **sociologists**, **entrepreneurs**, **managers**, **journalists**, and members of the academic and political-institutional world, both nationally and internationally. At the **forefront**, once again, are **young people**, who show a keen interest in the developments that are shaping the world in which they will build their future.

Keynotes, Lectio Magistralis, TED talks, and panels are some of the formats that will animate the entire city during the days of the event, interspersed with networking moments, concerts and live shows, workshops, and children's activities.

Amid increasingly extreme weather events and often inefficient water infrastructures, Italy is at risk of facing an ever-worsening water crisis.

The **Water Summit** is an opportunity for political representatives, technicians, and water experts to share strategies at national and European level on the sustainable management of the resource. The meeting draws attention to **water as a valuable asset to be protected**, promoting forward-looking policies based on efficiency, savings, recovery, and reuse.

Infrastructure and financial investments for the renewal of networks and plants, climate change **adaptation policies**, **digitisation of the integrated water service**, and advanced monitoring tools will be discussed.

RETAIL MERCHANDISER, DIGITAL
COMMERCE MANAGER

LOGISTICS DAY

25 JUNE

MILAN

• LIVE AND DIGITAL

Italian logistics is a sector undergoing constant growth and transformation. This event aims to examine the trends and challenges that the sector is facing in a context of complex geopolitical transformation due to ongoing conflicts alongside with customs and protectionist policies of Donald Trump's United States.

Particular attention will also be paid to **technological innovation, Artificial Intelligence** in the first place, as a support to companies to counteract the increase in costs and optimise processes, to comply with the **ESG parameters** now required by law, to the **shortage of personnel** and to the **management and training of the workforce**. Finally, there will be a technical look at the various **regulations governing the sector**, starting with the Contract for Logistic Services.

Now in its 3rd edition, it is the appointment of **Il Sole 24 Ore** designed to explore the **evolution** of the **digital payments** sector and the **new frontiers of financial innovation**.

In a context of accelerated transformation, the event brings together **institutions, banks, fintech operators, companies and public administrations** to discuss the challenges and opportunities related to **the digitization of payments**, the impact of **artificial intelligence** and blockchain on financial services, **transaction security**, and data protection, up to the new European regulations that are shaping the future of the sector.

NEW

WASTE MANAGEMENT FORUM

7 JULY

ROME

• LIVE AND DIGITAL

Waste management has become one of the central challenges of the ecological transition. Today, circular economy and sustainability are not only a value for citizens but also a competitive asset for market companies: **reduction, recycling, and recovery** become **strategic levers** for the protection of the environment and the growth of the **manufacturing system**.

The event that will bring together institutions, companies, local authorities, supply chain operators and the academic world at a time of discussion on the main challenges — from prevention to collection, from traceability to technological innovation — will highlight **concrete solutions: success stories, effective policies, regulatory tools** and **new technologies** applied to the sector.

MADE IN ITALY SUMMIT

6-7-8 OCTOBER

LIVE  STREAMING

7th edition of the digital event dedicated to the “Italy” brand created by three of the most authoritative European publishing companies: **Il Sole 24 Ore**, **Financial Times** and **Sky TG24**. **Italian exports to traditional and emerging markets** will be even more at the heart of the Summit, starting from the ambitious goal - set by the Minister of Foreign Affairs and International Cooperation, Antonio Tajani - of exceeding 700 billion euros by 2027.

Political decision-makers, entrepreneurs and top managers, national and international **economists** and **technicians** will chart a course to follow in an increasingly multipolar world, where, in addition to Donald Trump's **United States**, it is necessary to confront giants such as **China** and **India**, without forgetting the **countries of the Persian Gulf** and those of **South America**.

GENERAL STATES OF CULTURE

THE 2026 STOPOVERS:

 TBD - 14 OCTOBER
TBD - 20 OCTOBER
TBD - 3 NOVEMBER

• LIVE AND DIGITAL

The Stati Generali della Cultura promoted by the 24 ORE Group with the support of prestigious institutions and public and private partners, now travel across the whole of Italy **to tell and interpret the main challenges of the cultural and creative economy**. The 2025 tour, dedicated to “The great beauty for the development of Italy”, visited iconic cities of the national cultural heritage, from Naples to Florence, from Palermo to Turin, to Matera, with events dedicated to the major themes and the main sectors of the field.

The scope of the roadshow has grown further, with a programme of meetings, major interviews, and discussions between institutions, companies, cultural bodies and territories that have **highlighted the strategic role of culture as an engine of sustainable development and social cohesion**. Therefore, the desire to promote a concrete dialogue between the public and private sectors to foster the construction of shared policies, new forms of partnership, and a systemic vision of culture for the country's future remains constant.

In a continuously transforming context, **the Open Innovation Summit**, promoted by **Il Sole 24 Ore** and **Zest**, is the initiative that focuses on **shared innovation** as a **lever for growth** and competitiveness, offering opportunities for discussion, project presentations and networking opportunities between companies, startups, investors, institutions, and the research world.

Through **direct comparison** and the **sharing of experiences**, each edition is confirmed as a unique opportunity to understand the **directions of change** and to build alliances between **public and private**, between **human capital and technology**, between those who imagine the future and those who create it.

SUSTAINABILITY FORUM

29 OCTOBER

ROME

• LIVE AND DIGITAL

A day that Il Sole 24 Ore dedicates every year to the theme of sustainability – crucial for the future of our planet and the next generations.

This Forum, now in its **6th edition**, has a **dual objective**. On the one hand, **engage young people** in a morning of dialogue on the value of sustainability, which is so important both in school and in daily life. On the other hand, consider the **tools** that **companies** have available to **integrate sustainability into their operations**, not as an obligation but as an opportunity for growth, innovation, and competitiveness.

The winners of two important prizes will also be celebrated:
Premio Scuola Sostenibile (Sustainable School Award) and
Premio Impresa Sostenibile (Sustainable Business Award).

Milan continues to focus on the regeneration of areas and the recovery of abandoned buildings as the engine of its transformation.

The **Invest in Milan** event, now in its 6th edition, will be an opportunity to take stock of the situation in the city's real estate market and the changes in its appearance over the last decade, also considering the prestigious international event of the Milan-Cortina 2026 Olympics, which the city has embraced.

In the presence of experts in the **real estate** sector, **environmental and social redevelopment**, overcoming the gap between the centre and the suburbs and the enhancement of isolated urban spaces will be discussed, for an increasingly sustainable, attractive, and inclusive Milan.

Now in its **28th edition**, the Insurance Summit returns to Milan as **a reference point** for the Italian and European **insurance sector**. A unique opportunity to **discuss innovation, sustainability and new risk management strategies** in a constantly evolving market.

At the centre of the debate: the **new business models and processes** adopted by insurance companies, the impact of **climate change, digitalisation** and AI, the evolution of **insurtech** and the strategic role of public-private collaboration.

An event that brings together **top managers, institutions, and industry players** to analyse challenges, share visions and build the future of protection together.

DEFENCE SUMMIT

17 NOVEMBER

ROME

• LIVE AND DIGITAL

In an international context increasingly dominated by aggressive countries that identify the West and its democracies as an enemy, it is essential to protect the security and, therefore, the freedom of our country.

In the 2nd edition of the Summit, the main representatives of our **Government**, the Italian **Armed Forces** and NATO, and national and international **analysts** outline the current **geopolitical situation** and future prospects.

Then it will be up to the **major companies** operating in the Defence sector to illustrate the **latest generation technologies** that will favour the protection of **multi-domain scenarios**, from land to cyber, from aerospace to maritime.

WOMEN AT THE TOP

19 NOVEMBER

MILAN

• LIVE AND DIGITAL

4th edition of **Women at the Top**, the prestigious project by **Il Sole 24 Ore**, in collaboration with the Financial Times, and the media partnership of Sky TG24, dedicated to **women's empowerment**.

The event pays tribute to the extraordinary **stories** and **women** who, with their commitment and vision, challenge stereotypes and open new paths for future generations.

The protagonists of the initiative are **successful women** from the world of public and private institutions, business, research, culture, entertainment, and sport, figures capable of **inspiring** and contributing to real change by overcoming stereotypes and gender barriers.

We celebrate **exceptional careers, new talents** and the **values of excellence** together during the **WE Award – Women Excellence 2026**, a moment dedicated to **valuing female leadership**.

GLOBAL INCLUSION

24 NOVEMBER

MILAN

The Global Inclusion event aims to analyse how organisations, companies, institutions, and associations can translate the **value** of **diversity**, and **inclusion** into **real, measurable and sustainable practices**.

Inclusive leadership, new work and governance models, **universal accessibility**, and narratives that promote participation rather than exclusion will be discussed.

Now in its eighth edition, it is organised by the Global Inclusion Foundation – art. 3 in collaboration with Il Sole 24 Ore.

In a context of profound transformation — between the evolution of health spending, digital advancement, artificial intelligence, new models of prevention and treatment — the Healthcare Summit 2026 emphasizes the **right to health, the sustainability of the system** and the strategic role of **innovation** and **clinical research**.

The day will see high-level discussions, workshops, panel discussions, and notable speakers who will offer concrete ideas for rethinking public and private healthcare.

A unique opportunity to update, communicate, network, and contribute to the evolution of the sector.

NEW

QUANTUM REVOLUTION

1 DECEMBER

TBD

• LIVE AND DIGITAL

Quantum Computing is an emerging technology based on quantum mechanics that, by combining knowledge of physics, mathematics, computer science, and information theory, offers **new business opportunities**. From healthcare to finance, from cybersecurity to logistics, **the event will guide the business world in discovering the innovative solutions for growth and development offered by this technology.**

In the financial sector, Quantum Computing can change the approach to **portfolio optimisation, risk analysis, and market forecasting**. In the logistics and transport sector, it can **optimise transport routes**, reducing delivery times and operating costs.

In the energy sector, it can contribute to the **design of more efficient and sustainable energy networks and systems**. In the chemical sector, it promotes the development of **new materials, catalysts and more efficient, and sustainable chemical processes**.
