"La zanzara" is current events without taboos, without censorship, without cuts to public opinion. At the end of the day, with live news headlines, investigations, voices captured on TV around the world and guests never heard, the program becomes the free zone for listeners - a space against banality - the arena where the first commandment is to speak clearly.
The historic Radio 24 program continues to tell the stories of those who want to change things to live in a better world, more respectful of people and the planet.

The Saturday episodes are enriched, starting at 9.45, with "Stories from the social" narrated by Cristina Carlile who from week to week discovers the most active and proactive realities of the third sector.

Sunday is the day dedicated to monothematic insights on sustainable growth and the circular economy, to answer small and large questions about the ecological transition.

The images enter the radio medium and help to fix the news that have left a mark in our memory, those that help us understand reality.

Every week we will choose the shots and frames that have impressed us the most and that summarize better than many words the sense of what happens, images that have struck the public even if they were not among the main news of the mass media.
MELO G

Every day, Melog will try to undermine the most ironclad postulates of the social-media "flow" with its questions and provocations that we will be posed every time to the Italian listeners.

The Coral Snake is a very graceful but very poisonous animal. But it is also a Radio 24 program that tells in a semi-serious way about scams, scammers, or those Coral Snakes that undermine our savings and our peace of mind.

An appointment every Sunday on Radio24, always smiling and always to warn against pitfalls such as phishing, vishing, ransomware... Don't you understand? So, let's do this, we also give you a podcast: The “Serpente Corallo Social Club”, with words, music, guests, experts and other ideas to do some more financial education, but a fun one.

Narrating and listening to stories is the best way to get to know the world and people: in the stories of others there is always something interesting for us too: a lesson, a new way of seeing things, food for thought or perhaps the meaning to what we ourselves are experiencing.
Saturday from 3.15 pm to 3.30 pm
Conducted by Elisabetta Fiorito

A tour of the most evocative shows in Italy, a radio tour of national premieres, interviews with the stage performers.

All this is Cartellone, the weekly appointment with the theater to find the show that's right for you. The presentation is entrusted to Elisabetta Fiorito, political journalist of Radio 24, but also author of plays and awarded Fersen prize for dramaturgy.
On Saturday afternoon, Radio 24 becomes a "social village" to experience the current events of the shows together. Music, cinema, TV, TV series and trends.

Everything that happens on the web and on social networks. Between news that travels on the web and the web that makes news, we will understand how information changes and the way we communicate.

How many times in a conversation, partly because we don't know what to say and partly to cut things short, do we use clichés? There isn't a single person in his life who hasn't used these linguistic shortcuts. This year the clichés program opens its doors to the public: the "extended editorial team" of OFF TOPIC on Telegram is born, a real meeting room between hosts and listeners where they can share ideas, ideas and opinions which will then be discussed in the program. Another new feature will be the live broadcasts on Twitch during the editing and live broadcast of the episodes.

How the world of cars is changing, which models we will see on the roads in the coming months, but above all how electric engines and new mobility-related services will change the habits of Italians.

All the insights in Smart Car, Radio24’s daily column dedicated to the automotive world which still represents an important segment of our country’s industry. Without neglecting the element that has always linked Italians to four wheels: passion.
The appointment with Strade e motori, hosted by Massimo De Donato, returns with the new year in a new format, every Saturday at 10pm. More space for in-depth interviews and above all road tests.

We will learn about the evolution of electric and ecological cars, new hybrid cars, new models and everything concerning the impact of the car on the daily lives of all of us, from driving bans on public holidays, to new incentives for purchasing including the topic of the ecotax which from next March will penalize those who purchase polluting vehicles.
